

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untaught Indian has discovered the usefulness of many native plants, before the advent of the white man. This information is compiled freely to the white, and the latter have been investigating until today we have a rich assortment of most valuable American medicinal seeds.

Dr. Price believes that our American forests abound in most valuable medicinal roots for the cure of most chronic and fatal diseases. If we can find the right ingredients, the application of the concoction he gives with pride to the almost marvelous effects effected by his "Medicinal Discovery," which has proven itself to be the most valuable of all the American plants, heart tonic and restorative, and blood cleanser known to medical science. Diarrhea, or indigestion, simple fever, functional and nervous diseases, and infections of the lower part of the digestive system. The reason why it cures these and many other afflictions is clearly shown in a little book of extracts from the standard medical works on the subject. One copy of Dr. Price's "Price of Buffalo, N. Y., is all money required for the same."

Not less marvelous is the unparalleled value it is becomingly making of women and children. Women are often distressed, deranged, etc., in Dr. Price's "Price's Prescription," as is adopted by thousands of intelligent physicians and surgeons to alleviate patients who have come to them suffering from various painful periods, irregularities, indispositions and other dyspepsic causes to weakness, ulceration, diarrhea and kindred afflictions, often after years of ineffectual treatment, and operations had failed.

Both the above mentioned medicines are wholly made up from the glycerine extracts of various medicinal roots, leaves, flowers and bark, etc., etc., the processes being identical with Dr. Price, and they are carried on by him and his son, and the concoction is sold in apparatus and apparatus specially designed and built for this purpose. Both medicines are sold in boxes, and contain all other harmful hair-forming drugs. A full list of their ingredients is printed on each bottle-wraps.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give our stomachs. As a usual thing us part of our bodies is so generally over-worked as our digestive organs. A tired and overworked stomach will give signs of distress to which we give no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal steady and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by John Boyden & Son.

Master McTavish's Bon Net.

At an auction sale in a British village the auctioneer was trying to sell a number of domestic utensils, including a porridge pot. As usual, he was making a great noise. Finishing his last吆o, he caught a well-known worthy, his head standing at the neck of the crowd, and he shouted out, "Master McTavish, make an offer for this pot." Why, it would make a splendid bird's nest!" "Aye," replied the biddin' man, "but where was it?"

What is it that tastes as pleasant as maple sugar and quickly relieves coughs and colds? Mothers who have need of it, will quickly answer: "Kenny's Laxative Cough Syrup." The pleasant cold remedy that expels the cold through its laxative action on the bowels. Conforms strictly to the Pure Food and Drug Law. Contains no opium. Sold by John Boyden & Son.

Your return card printed on 100 envelopes for 75 cents at THE TIMES office.

The News—No Pox Dept. Cough Cure Laws would be tested if all Cough Cures were like Dr. Shoop's Cough Cure—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package. For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on label. And it's not safe, but it is sold to be by those that know it best, a truly remarkable cough remedy. Take one spoonful particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there. You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply request to keep my place. Sold to John Boyden & Son.
